

2X Blend

CJC-1295 No DAC / Ipamorelin · 5mg/5mg · SKU 2XB-CJCIPA-55

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

1. IDENTIFICATION

Product	2X Blend · CJC-1295 No DAC / Ipamorelin · 5mg/5mg
Product code	2XB-CJCIPA-55
Form	Lyophilized powder in a sealed glass vial
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA
Contact	Support@puredirect.org

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	CJC-1295 No DAC / Ipamorelin
Quantity per unit	5mg/5mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision
Prepared by	PureDirect

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. The account holder is responsible for any workplace hazard assessment required under applicable law.

2X Blend

Tesamorelin / Ipamorelin · 10mg/5mg · SKU 2XB-TESAIPA-105

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	BPC-157
Quantity per unit	10mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision
Prepared by	PureDirect

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. The account holder is responsible for any workplace hazard assessment required under applicable law.

BPC-157

BPC-157 · 20mg · SKU BPC157-20

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

1. IDENTIFICATION

Product	BPC-157 · BPC-157 · 20mg
Product code	BPC157-20
Form	Lyophilized powder in a sealed glass vial
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision
Prepared by	PureDirect

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. The account holder is responsible for any workplace hazard assessment required under applicable law.

Curcumin

Curcumin · 600mg · SKU CURCUMIN-600

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

1. IDENTIFICATION

Product	Curcumin · Curcumin · 600mg
Product code	CURCUMIN-600
Form	Lyophilized powder in a sealed glass vial
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA
Contact	Support@puredirect.org

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	Curcumin
Quantity per unit	600mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision
Prepared by	PureDirect

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. The account holder is responsible for any workplace hazard assessment required under applicable law.

Epithalon

Epithalon · 50mg · SKU EPITH-50

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

1. IDENTIFICATION

Product	Epithalon · Epithalon · 50mg
Product code	EPITH-50
Form	Lyophilized powder in a sealed glass vial
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA
Contact	Support@puredirect.org

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	Epithalon
Quantity per unit	50mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

Form	Lyophilized powder in a sealed glass vial
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA
Contact	Support@puredirect.org

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	GHRP-2
Quantity per unit	5mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision
Prepared by	PureDirect

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. The account holder is responsible for any workplace hazard assessment required under applicable law.

GHRP-6

Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision
Prepared by	PureDirect

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. The account holder is responsible for any workplace hazard assessment required under applicable law.

GLP-1 (T)

GLP-1 (T) · 10mg · SKU GLP2-10

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

1. IDENTIFICATION

Product	GLP-1 (T) · GLP-1 (T) · 10mg
Product code	GLP2-10
Form	Lyophilized powder in a sealed glass vial
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA
Contact	Support@puredirect.org

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	GLP-1 (T)
Quantity per unit	10mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision
Prepared by	PureDirect

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. The account holder is responsible for any workplace hazard assessment required under applicable law.

Gonadorelin

Gonadorelin · 5mg · SKU GONAD-5

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

1. IDENTIFICATION

Product	Gonadorelin · Gonadorelin · 5mg
Product code	GONAD-5
Form	Lyophilized powder in a sealed glass vial
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA
Contact	Support@puredirect.org

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	Gonadorelin
Quantity per unit	5mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.

KLOW Blend

GHK-Cu / KPV / BPC-157 / TB500 · 50mg/10mg/10mg/10mg · SKU KLOW-80

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

1. IDENTIFICATION

Product	KLOW Blend · GHK-Cu / KPV / BPC-157 / TB500 · 50mg/10mg/10mg/10mg
Product code	KLOW-80
Form	Lyophilized powder in a sealed glass vial
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA
Contact	Support@puredirect.org

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	GHK-Cu / KPV / BPC-157 / TB500
Quantity per unit	50mg/10mg/10mg/10mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision
Prepared by	PureDirect

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. Active constituents	MOTS-c
Quantity per unit	10mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision
Prepared by	PureDirect

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. The account holder is responsible for any workplace hazard assessment required under applicable law.

MT-II

Melanotan II · 10mg · SKU MTII-10

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

1. IDENTIFICATION

Product	MT-II · Melanotan II · 10mg
Product code	MTII-10
Form	Lyophilized powder in a sealed glass vial
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA
Contact	Support@puredirect.org

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	Melanotan II
Quantity per unit	10mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision
Prepared by	PureDirect

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. The account holder is responsible for any workplace hazard assessment required under applicable law.

Selank

Selank · 5mg · SKU SELANK-5

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

1. IDENTIFICATION

Product	Selank · Selank · 5mg
Product code	SELANK-5
Form	Lyophilized powder in a sealed glass vial
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA
Contact	Support@puredirect.org

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	Selank
Quantity per unit	5mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. The account holder is responsible for any workplace hazard assessment required under applicable law.

TAI Complex

Thymosin Alpha 1 (TA1) / Thymulin · 10mg/6.4mg · SKU TA1CMPLX-16.4

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

1. IDENTIFICATION

Product	TAI Complex · Thymosin Alpha 1 (TA1) / Thymulin · 10mg/6.4mg
Product code	TA1CMPLX-16.4
Form	Lyophilized powder in a sealed glass vial
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA
Contact	Support@puredirect.org

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	Thymosin Alpha 1 (TA1) / Thymulin
Quantity per unit	10mg/6.4mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision

Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	Tesofensine
Quantity per unit	500mcg x 30 tablets
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.
Note to physician	Treat symptomatically. No specific antidote is known.

5. FIRE-FIGHTING MEASURES

Extinguishing media	Water spray, carbon dioxide, dry chemical, or alcohol-resistant foam.
Combustion products	Carbon oxides and nitrogen oxides may form.
Protective equipment	Self-contained breathing apparatus and full protective gear.

6. ACCIDENTAL RELEASE MEASURES

Personal precautions	Avoid dust formation. Use the protective equipment in Section 8.
Environmental precautions	Prevent entry into drains, surface water, and soil.
Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Store in a cool, dry place in the original sealed container, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Solid tablet
Odor	No data available
Solubility	No data available
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision
Prepared by	PureDirect

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. The account holder is responsible for any workplace hazard assessment required under applicable law.

Tesofensine / Dihexa

Tesofensine / Dihexa · 250mcg/10mg x 60 tablets · SKU TESOF250-DIH10-60

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

1. IDENTIFICATION

Product	Tesofensine / Dihexa · Tesofensine / Dihexa · 250mcg/10mg x 60 tablets
Product code	TESOF250-DIH10-60
Form	Solid oral tablet in a sealed container
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA
Contact	Support@puredirect.org

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	Tesofensine / Dihexa
Quantity per unit	250mcg/10mg x 60 tablets
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.

Thymagen

Thymagen · 20mg · SKU THYMAG-20

Prepared in the GHS 16-section format in accordance with 29 CFR 1910.1200. Revision January 1, 2026.

1. IDENTIFICATION

Product	Thymagen · Thymagen · 20mg
Product code	THYMAG-20
Form	Lyophilized powder in a sealed glass vial
Identified use	Professional use only. Supplied to licensed clinicians, verified research organizations, and other authorized accounts.
Uses advised against	Supply to patients or the general public.
Supplier	PureDirect, 5940 S. Rainbow Blvd., Las Vegas, NV 89118-2540, USA
Contact	Support@puredirect.org

2. HAZARD IDENTIFICATION

Classification	Not classified as hazardous under 29 CFR 1910.1200. Complete hazard data are not available; handle as a substance of unknown toxicity.
Signal word	None assigned
Pictograms	None assigned
Precautionary statements	Avoid dust and aerosol formation. Avoid contact with skin and eyes. Wash hands after handling. Use in a well-ventilated area.

3. COMPOSITION

Active constituents	Thymagen
Quantity per unit	20mg
CAS number	Not applicable to this finished preparation
Other components	Stabilizing excipients. Details available to authorized accounts on request.

4. FIRST-AID MEASURES

Inhalation	Move to fresh air. Seek medical attention if breathing is difficult.
Skin contact	Wash with soap and water. Seek medical attention if irritation persists.
Eye contact	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Seek medical attention.

Cleanup	Collect carefully to avoid dust. Place in a labeled closed container for disposal. Clean the affected surface.

7. HANDLING AND STORAGE

Handling	Handle in accordance with good industrial hygiene and safety practice. Do not eat, drink, or smoke in handling areas.
Storage	Refrigerate at 2 to 8°C. For extended storage hold at -20°C or colder. Keep in the original sealed vial and carton, protected from light and moisture.
Access	Store in a secure area accessible to authorized personnel only.

8. EXPOSURE CONTROLS AND PERSONAL PROTECTION

Exposure limits	None established for this substance.
Engineering controls	Adequate ventilation. Eyewash facilities available.
Personal protection	Safety glasses, chemically resistant gloves, and a laboratory coat or equivalent.
Respiratory protection	Not normally required with adequate ventilation.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	White to off-white lyophilized cake or powder
Odor	No data available
Solubility	Soluble in water or aqueous diluent
Flash point	No data available
Other properties	No data available

10. STABILITY AND REACTIVITY

Stability	Stable under the storage conditions in Section 7.
Conditions to avoid	Heat, moisture, direct sunlight, and repeated freeze-thaw cycling.
Incompatible materials	Strong oxidizing agents.
Decomposition products	Carbon oxides and nitrogen oxides on combustion.

11. TOXICOLOGICAL INFORMATION

Acute toxicity	No data available
Irritation and sensitization	No data available
Carcinogenicity	Not listed by IARC, NTP, or OSHA.
Other endpoints	No data available. This product has not been fully tested for toxicological properties.

12. ECOLOGICAL INFORMATION

Ecotoxicity	No data available
Persistence, bioaccumulation, mobility	No data available

13. DISPOSAL CONSIDERATIONS

Disposal	Dispose of contents and container in accordance with applicable federal, state, and local regulations and facility procedures. Do not dispose of into drains or the environment.
-----------------	--

14. TRANSPORT INFORMATION

DOT, IATA, IMDG	Not regulated as a dangerous good in the quantities and packaging supplied.
UN number	Not assigned
Packing group	Not applicable

15. REGULATORY INFORMATION

OSHA	This Safety Data Sheet is prepared in accordance with 29 CFR 1910.1200.
TSCA	Not applicable to this finished preparation.
FDA	Not FDA-approved for any indication. Labeled for professional use only.
State regulations	Requirements vary by state. The account holder is responsible for compliance applicable to its practice or facility.

16. OTHER INFORMATION

Revision date	January 1, 2026
Supersedes	No previous revision
Prepared by	PureDirect

Professional use only. Distributed exclusively to licensed clinicians, verified research organizations, and other authorized accounts. Not supplied to patients or the general public.

This Safety Data Sheet covers occupational handling, storage, and emergency response only. It contains no dosing guidance, indications, routes of administration, or clinical recommendations, and makes no representation regarding safety, efficacy, or suitability for any use in humans or animals. Entries stating that no data are available reflect the absence of established data rather than a determination that no hazard exists. The account holder is responsible for any workplace hazard assessment required under applicable law.
